### The Rollover Plan

We will invoke the Rollover Plan should the weather be too cold or wet early in the day to play, but may improve as the day goes on. We start our games at 10 a.m. If we invoke the Rollover Plan for the 10 a.m. games, the 11 and noon games don't change. We simply roll the 10 a.m. game over to 1 p.m. If it is still bad, we could roll the 11 a.m. game to 2 p.m. and start our day with the noon game. We simply rollover the first hour to the end of the day and leave the rest of the schedule in place. So don't jump to the conclusion that all games are canceled if you go by the field and there are no games going on.

We have a solid calling tree now in place with our rosters. We will call the coaches, coaches will call the players.

The lost and found will be based at the concession stand.

**FYI: School District #10 is tobacco free and no dogs are allowed on school grounds.**
